

DIGITAL LEARNING DAY

The Educational Tools and Technology Department cordially invites the CPS community to join in the celebration of the nation's 2nd Annual Digital Learning Day on February 6th, 2013.

Four ways to get involved:

#1. Show CPS Digital Learning in Action at Your School!

Record a short 1-2 minute YouTube video showing how digital learning is being utilized at your school. Creativity is strongly encouraged! Submit your YouTube video to this form, <http://tinyurl.com/CPS-DLD13Form>, for consideration on the CPS Digital Learning Day webpage. Video submissions are due by February 8th, 2013 at 5 PM.

#2. Meet TechTalk 2013's Ones to Watch!

Each year the Center for Digital Education helps CPS put on TechTalk, a one day conference dedicated to engaging staff in conversations around educational technology. Learn about CPS TechTalk's Ones To Watch 2013 and the excellent work they do daily in the district.

2013's Ones to Watch Winners (Announced after February 1st, 2013): <https://sites.google.com/site/cpstt13/ones-to-watch-award>.

#3. A Special Message from Jonathan Scott!

Chicago Bears player Jonathan Scott (#79, Tackle) has a special message for CPS about Digital Learning Day 2013. Please visit <http://vimeo.com/57653483> to view what he has to say.

#4. Join the National Conversation!

The Alliance for Excellent Education will be putting on a Digital Learning Town Hall Simulcast on February 6th, 2013 from 12-1:30 PM. This online event will celebrate dignitaries, policymakers, and education leaders from around the country. Visit <http://digitallearningday.eventbrite.com/> to sign up.

To learn more about the national efforts around Digital Learning Day, please visit <http://www.digitallearningday.org>. To see last year's events and keep up-to-date on this year's happenings, please visit: <http://www.cps.edu/Pages/digitallearning.aspx>.

For questions, please reach out to the Educational Tools and Technology Department via e-mail at edtoolstech@cps.edu.
